

DIGNITY IN YOUTH SUMMER CAMP 2021

Pioneered by Relate Africa, Non-Governmental Organisation

IDENTITY. PURPOSE. PASSION. FUN!

by Uyeme Itsueli

Relate Africa is a centre for Human Relationship Development, with a **Vision** to create an empowering space for individuals in a bid to aid them in attaining their true potential. In doing so, we aim to design and execute projects that equip people with the tools and resources to enhance their personal development. These may range from trainings to sharpen their skills; to events that enable them to expand their existing networks. We continue to partner with like-minded organisations who share our vision and aim to further our cause.

WHAT IS MY BRAND?

by Uyeme Itsueli

***Dignity In Youth** empowers the youth to recognise that confidence coupled with the right leadership skills will amplify their voice. This is done through an array of workshops namely: 'Branding' 'Coding' 'Mindfulness' 'Arts and Crafts' and lots more. Additionally, In a world where the non-digitally inclined are at risk, we engaged in several discussions concerning the importance of **safe** and **responsible** use of Social Media.*

*In continuing this narrative of **Self-Discovery** and **Championing One's Brand**, in previous sessions, we have had a series of talks on the career journeys of successful individuals in unconventional job sectors, namely: **Tito Ovia**; CEO of **Helium Health**, **Ebube Emodi**; CEO of **EE Events Management**, **Ebuka Ufere**; Brand Marketing Manager at **Google** and **Debola Adebowale**; Project Coordinator at **Style House Files**.*
